Argon / H-gas Yellow Soda Glass Uncoated

36 **YELLOW/G1** Lime Green  
Argon / H-gas Yellow Soda Glass Coated G1

37 **GREEN/G1** Apple Green  
Argon / H-gas Green Soda Glass Coated G1

38 **GREEN** Bottle Green  
Argon / H-gas Green Soda Glass Uncoated

This colour chart is as accurate as the printing process will allow. Neon products cannot accept responsibility for variations between these colours and illuminated tubes. The colours shown should be used as a guide only.

# It is not recommended to fill phosphor coated tubing with neon because it may cause a colour shift over time.
